

# SENAD DIZDAREVIĆ

## DIRECTOR

DENARO D.O.O. BIHAĆ

<http://www.denaro.ba>

## Bilateral Meetings

- Tuesday (13:00 - 16:00)

### Description

Firma Denaro was founded in 2007 in Bihać and specializes in the field of roofing related to project engineering and construction consultancy in the field of roof structures, roof windows, roof protection, roofing materials and the import of specialized high quality roof components. The entire range of imported products originates from the European Union and meets and meets quality control standards, as laid down by EU laws and norms. We are a dynamic company and leader in the market of Bosnia and Herzegovina, whose long-term goal is to expand the distribution network to the whole Balkan region, inspired by innovation and constant growth, with price advantage and emphasis on product quality. Denaro is a prospective company that expanded its business activities in 2016 to the production of facade mesh - WALLTEX, as a thermal insulating material for the protection of buildings. In support of this is the fact that we have the Certificate of Compliance and Control of Manufacturing Process ETA - European Technical Assessment ETA-16/08 17, which summarizes all the actions, tests and processes that a particular product must satisfy to be able export and sell in the EU, or ATEST, which proves that the Walltex meshes from the Denaro production program have the required characteristics and quality that meets the standards laid down in the EU.
